

STITCH YOUR OWN ADVENTURE 2024: FLOSS LIST

Generating a floss list for a Stitch Your Own Adventure isn't that straight forward. There are some colours that you will have to have (for the frame, as an example), and other colours that will depend on what options you pick.

The following table gives an overall breakdown, as well as per chapter breakdown. The chapters will be released every 2 months starting Jan 1st 2024, so if you don't need a colour until one of the later chapters, then hold off/save up/wait for the sales.

m= mandatory

o= optional
